Penicuik, Scotland.

Dear Friends,

LETTER OF APPRECIATION

Greetings from the Catholic Diocese of Shendam.

I write to express our deepest and heartfelt appreciation to you for your kindness and generous support towards the project of sinking a bore hole for us in OSWALD WALLER COLLEGE OF EDUCATION, LIFIDI, SHENDAM DIOCESE.

In the years past you have been instrumental in helping us. We as a Diocese have enjoyed your benevolence which has always come through your good friend, Fr. Alex Longs, OSA.

This borehole came at very timely moment, as it has been quite useful in the Permanent Site of the College where structures are currently being raised. It has eased not only the construction work at the site, but it has become a useful source of water for the people living nearby.

It is not quite a coincidence that the name of your group: Friends of Sacred Heart- shares the same name with Our Cathedral which is dedicated to the Sacred Heart of Jesus. We pray for a continuous extension of your kindness to us, whenever it is possible.

Be assured of our prayers for you always and keep up the good work which you have chosen to do in honour of the Sacred Heart of Jesus.

Yours in Christ.

Most Rev. Philip Davou Dung
Catholic Bishop of Shendam
