OF THE BEATIFICATION OF FATHER FRANCIS JORDAN

Information on the Beatification

In 1942, the cause for the Beatification of Father Francis Jordan was opened. In January 2011, the Holy Father, Pope Benedict XVI, signed the Decree of Venerability. During the ordinary session of the Cardinals and Bishops of the Congregation for the Causes of Saints on 19 June 2020, the miracle attributed to the intercession of Father Francis Jordan was recognised, approved and promulgated by the Holy Father, Pope Francis. This act defined the beatification of Father Francis Jordan setting the date for the celebration as 15 May 2021.

Finally, the day long awaited by all members of the Salvatorian Family has arrived: the Beatification of Father Francis Jordan. His charism is to help the Church to know, love and proclaim the one God manifested in Jesus Christ, the Divine Saviour. Today, this is the true inspiration for many Salvatorian women and men, religious and lay, who work following the example of the apostles in more than 50 countries, scattered in the different continents: Europe, America, Asia, Australia and Africa, working in the field of education, evangelization, human and spiritual promotion, in missions and parish ministry.
